Radiopharmaceutical Therapy & Dosimetry

University of Minnesota-Twin Cities

JUNE  
2-7

## INTERESTED IN LEARNING MORE ABOUT RPT?

Radiopharmaceutical Therapy (RPT) is fast becoming a mainstream modality with the development and approval of new emitters and conjugates.

### Led by Co-Program Directors:

*Robert Hobbs, PhD, Johns Hopkins University*

*Joseph O'Donoghue, PhD, Memorial Sloan-Kettering Cancer Center*

*Jessica Clements, MS, University of Vermont Medical Center*

This 4.5-day Summer School will cover the gamut of radiopharmaceutical therapy applications.
